THE BURGLARS.

(Continued.)

The woman stood for a minute or more without making any reply; then she said, as if in continuation of some train of thought that was going on in her mind, 'Fine feathers make fine birds, Charley Roke. When you had that cloak on, you looked like a gentleman, and now you look like what you are.'

'Well, old girl,' said Mr. Roke, dragging a chair across the room to the front of the fire, swinging it to his feet, and seating himself in it, and holding his hands to the fire—'what's that?'

'A thief,' replied the woman, sharply.

'I say, Tinker,' said Mr. Roke, turning to his confederate, 'don't you think the lady's personal? When I was a little boy, an old aunt of mine used to say thieves wasn't respectable people. She was an unenlightened old woman, that aunt of mine—horrid vulgar, and in course, her opinion wasn't worth much.'

The man to whom this remark was addressed looked up—smiled grimly, and then gazed steadily at the fire.

'Come, Sal,' said he at length, more good naturedly than his looks warranted,—get out the rags, and the barkers, and the other trinkets. It's most midnight, and you know we've got a job on foot which must be wiped up before daylight. I don't see what daylight was invented for—ain't of no use.'

'You are wrong there, Tinker,' replied Mr. Roke, in a grave tone; 'Providence, said he, pointing with his foot up the chimney, 'never made nothing in vain. Without daylight we couldn't see how the land lays, nor what to do at night. That's what daylight was invented for; properly applied, it's not so bad.'

The woman in the mean time went to the chest before mentioned, and unlocking a heavy padlock which secured it, took out two course great coats, with large pockets, a large bag, a number of saws, files, skeleton keys, small dark lanterns, and other implements of burglary, all of which she laid on the table.

'Where's the new keys? I want them,' said the Tinker, going to the table and turning over the different implements;—'they was made a purpose for this job.'

The woman made no reply, but returned to the chest, and brought out a number of skeleton keys, which looked bright and new.

'Them's 'em,' said the man turning them over in his hand, with an appearance of satisfaction. 'They'll do the business.—Now for the barkers, Sal; and hand me that 'ere knife—the stout one—and the small crow-bar. We may want it. Come Charley, said he to his associate, who still sat at the fire, 'stir about, man. It's getting late.'

Roke rose up, took a great coat from the woman, who was holding it, and, after several violent exertions, he struggled his way into it.

'Where did you get this 'ere garment, my wirgin?'

'You stole it yourself, answered the woman.'

'Did I?' said Charley, gravely; 'then I'm paying for it; it's squeezing my guts out. Nothing's wickeder than stealing coats what don't fit one. Tinker, you must carry all the playthings, for there's no room in this 'ere for anything but my own sweet self. I'm blessed if I ever borrow another coat without first trying it on.'

Whilst he was speaking, the Tinker had put on a coat similar to his own, and was filling its pockets with various articles essential to gentlemen of his distinguished profession.

'Now, then, Charley, are you ready?'

'Ay, ay,' said Roke, 'but let me look at the little bull-dogs. I don't want them to be quiet when they should speak.'

As he spoke, he took up a pair of pistols, rubbed the locks, removed the caps, and examined the cones to see that the powder came well up in them:—'They'll do,' said he, replacing the caps; 'them fellers will be eloquent. Now I'm ready.'

'Where's the Tulip? You ain't going without him?' said the woman to them, earnestly.

'He's in limbo,' replied the Tinker, buttoning his coat to the chin, and tying a thick handkerchief about his throat; 'the beaks nabbed him this mornin', so he can't be in the mess to-night.'

'They've persuaded him to pass the night with 'em,' said Mr. Roke, making an unsuccessful attempt to adjust the collar of his coat. 'They was so very pressing that he couldn't be prevailed on to leave the gentleman.'

'Wont he blab?' demanded the woman. 'If it was the Tinker, or you, it wouldn't trouble me; but I don't trust the Tulip.'

The men laughed, and told her she was a fool.

'Who was a fool when Bob Jordan was swung off?' said she, earnestly; 'who but me warned him—and who turned State's evidence but the Tulip—tell me that?—Who preached against your namesake when he set fire to the butcher's house in the Bowery?' said she, addressing Roke, who but the Tulip?—d—me!' exclaimed she, vehemently, 'but I believe he is a spy—I do.'

(To be continued.)

LADIES DRESS.—There is pungency and force in the remark of a lady who, on ordering a cap, was enquired of how she would have it made: "make it," said she, so that it will not excite a thought. If ladies would always adopt the fashion of appearing in their dress "so that it would not excite a thought," the fireside of many a husband and family would be far different from what it now is. Every thing pertaining to the female dress should be neat, but nothing gaudy should be indulged in by sensible women. We never look upon a woman decorated in the extreme but what we make up our mind that there is a weak spot somewhere, and that if she has talents,

they are not accompanied with sufficient discretion and judgement to be available for any practicable purpose.

NEWPORT DAILY NEWS.

FRIDAY, NOVEMBER 13, 1846.

FROM THE ARMY OF MEXICO.—News from Monterey to Oct. 16th. The despatches from Washington by the hand of Lt. Amistad reached Gen. Taylor on the 12th, and he was taking measure accordingly.

The Mexicans were reported to be evacuating Saltillo, without a blow in defence, and were destroying everything that could be of service to the American forces.

They were falling back upon San Luis Potosi, which city they were fortifying.

Santa Anna was reported to have arrived at San Luis Potosi, with three regiments of troops from Mexico.

A number of Mexicans had been murdered in the outskirts of Monterey. On the 4th, the Mexican officers called on Gen. Wool to take leave of him. As they were riding through the Plaza, a volunteer shot one of them through the heart. He was arrested, is in prison and will be hung, undoubtedly.

A mail sent from Camargo 21st Sept. for the army was taken by the enemy and delivered to Ampudia, for the private correspondence in it. This mail had been forwarded to Santa Anna.

Another mail for the army, which left Camargo on the 5th October, was captured by the enemy. Santa Anna is said to sustain Ampudia in what he did at Monterey.

There is considerable sickness among the troops at Monterey. Lt. Graham, of the sixth infantry, died on the 11th. At Camargo, also, there is much sickness.

FROM VERA CRUZ.—The store ship Relief, which arrived at Pensacola Oct. 30th, nine days from Vera Cruz, reports that Commodore Conner was preparing for another attack on Alvarado, and he would lead it in person.

In consequence of an order from the secretary of the treasury, the United States marshal at New Orleans, on the 2d inst., seized a Yucatan schooner, the Ventura, Capt. Durantes, which had arrived there that day from Campeachy and Sisal. She had \$7000 in specie, and a lot of logwood on board. Most of the specie had been landed before the seizure.

A Matamoros correspondent of the New Orleans Times says:—I had occasion to go on a matter of business with several of our officers, to call on General Ampudia. We found his quarters finely furnished, his tables loaded with fruit, wine and cigars, while in an adjoining apartment were seen several women gaudily dressed. On our presentation to him he merely bowed, standing with his hands in his breeches, with a white jacket on, an unlaid cigar in his mouth, and asked what we wanted, without even extending to us the courtesy of a seat, much less to partake of the viands on his sumptuous table. He was evidently drunk, and no doubt had been, from appearance beastly so, the night before. He is a large man of full six feet, inclined to corpulency, with little, shrewd, cunning black eyes, indicative of deceit, intrigue and libertinism. He wore an imperial, with a full of beard on his chin.

RAILROAD TO THE PACIFIC.—Mr. Whitney is now travelling through the West, in order, if possible, to secure aid to his mammoth undertaking to connect the two oceans. He asks the favor of a public meeting in the several towns, in order to present his views. Hitherto, however, he seems to have met with little favor.

All Yankeeedom was represented in the cargo of the packet ship St. Petersburg, which sailed from Boston on Saturday, with 20,500 bushels Indian corn, 300 blads. tallow, 1500 barrels flour, 1200 do naval stores, 500 do apples; 400 do sperm oil, 300 do lard, 100 do grease, 300 do shoe pegs, 100 do onions; 60 cases clocks, 150 rocking chairs, 15,000 lbs. wool, beside sundry small lots of Yankee notions, and 50 steerage passengers.

The cargo of wheat imported into England from Van Diemens Land, cost 72 cents per bushel of 70 lbs; the freight paid was 55 cents a bushel, duty, being from a British colony, 3 cents, and commission 12 cents. Total \$1.41 per bushel, delivered in England, and it sold for \$2.28 per bushel, realizing to the importer a profit of more than 60 per cent.

DEATH OF A NAVAL OFFICER.—The Union says: We have to announce, with profound regret, the sudden death of Commodore Nicholson, of the United States Navy, who died last night in this city, under an attack of apoplexy. He was a printer by profession, but his genius led him into a different destination, and his merits, gallantry, and skill, raised him to a high rank in the service. We deeply lament the loss of such a man to his country.

SHAMEFUL.—A man has been punished in New York, for seducing a girl of fourteen years of age, by fining him seventy-five dollars! Is this the estimate that is set upon virtue, by the laws of New York? If so, it not to be wondered at that this heinous crime is of so frequent occurrence in that city.

The citizens of Tennessee are raising subscriptions to erect a monument to the memory of the volunteers from that State, who fell at the storming of Monterey.

A letter writer from Albany says the majority in favor of the new constitution, is thirty thousand.

A gentleman has sent to the editor of the Petersburg Intelligencer, a potato weighing nine and a half pounds, and a turnip weighing seventeen pounds.

Accounts from Havana to the 25th ult., state that since the hurricane of the 10th and 11th, the prices of materials were enormous. Vessels requiring repairs about the hull, were obliged to take pine or cedar, as there was not an oak plank in the place. Brig Echo, of Newport, which was sunk, had been condemned and sold.

MAXIM FOR YOUNG MARRIED MEN.—When you stay out late at night, and tell your wife you have been sitting up with a sick friend, it is best not to carry the evidences of your conduct home with you.

A railroad from New York to New Haven, is to be commenced immediately—to be finished in all next year.

A down east editor advertises for a devil of a moral character.

Bath, Me., April 20, 1844.
Mr. F. Brown, Dear Sir, I am much gratified in having an opportunity to announce to you, that, by the use of three bottles of your Sarsaparilla and Tomato Bitters, I have been, from a stage of general debility and decline, and continual suffering, restored to the enjoyment of good health. For a number of years I have been troubled with the Liver Complaint, so badly at times, as to prevent my attending to business, and Dyspepsia followed, with loss of appetite, weakness and debility and a sinking and oppressive sensation at the stomach most painful and distressing, which gradually decreased my strength, and led me into a decline, and debilitated me so much, as to occasion fears for my recovery, while in this situation I was induced by the persuasion of a friend, to make a trial of your Bitter, and was most happily disappointed in finding an immediate relief, and before I had taken the contents of the first bottle, I had obtained a comfortable state of health, and before I had used three bottles, I enjoyed better health than for a number of years. This was about two years since, and my health has continued good till the present year. I must say that I have not much confidence in patent medicines, but I am satisfied, from the wonderful effects of your Bitter's in my own case, and of friends whom I have induced to use it, that it is a valuable medicine, and I take much pleasure in recommending it to my friends and acquaintances, and indeed to all who are thus afflicted, as well worthy a trial. I remain yours, Oct 28 2w

Dr. Banning's Patent Body Laze, For Weakness of the Body.

The following letter is submitted to a discerning public, and the proprietor is enabled to refer to many individuals—whose testimony will satisfy the most incredulous. Be particular and get Banning's Laze, and be put off with nothing else.

WARREN, August 22, 1846.
Dr. Boardman.—Dear Sir, Now being about leaving for home, I am able to give thus far a favorable account of the Laze which I have worn only four days. For more than four years I have suffered greatly from dyspepsia, that scourge of our race. My food has always been so troublesome that my stomach would reject it almost every day—my bowels always constipated—my head always feeling heavy and unpleasant, and my spirits greatly depressed. I was unfitted for any regular business, and till I saw you, I had given up the hope of ever being better. I had consulted many physicians and in Boston, those the most celebrated, and spent nearly all the money I could earn, upon them and medicines. Since I have worn the Laze, all these symptoms have in a great degree vanished, and now, it seems to me, I shall be well again. I find my body regaining its erect position—the spitting up my food is pretty much over, my spirits and energy are returning, and I feel like a new man. Sept. 4. S. W. HILL.

Genuine Bears Oil—Highly Perfumed.—Perhaps our ladies and fashionable are not aware that three quarters of the 'Bear's oil' (so called,) with which they anoint their locks, wondering that it does them so little good, is nothing in the world but hog's lard, so lightly scented as to escape detection, save on close examination. This, however, is simply the fact, and one that ought to be known. The only safe way is to purchase your Bear's Oil of HENRY JOHNSON, who gets it direct from Canada, and the North Western territory, and who never sells an ounce until he knows it to be genuine. The real Bear's oil is a wonderful beautifier and strengthener of the hair, and should be used by every one desirous of beautiful locks.

Experience has proved that this Anodyne composition will give immediate and permanent relief, after the failure of every other remedy; it is pleasant to the taste and smell; will not injure the teeth or gums in any way, and a few applications will entirely renovate the pain and soreness from a decayed tooth, so that it may be filled and rendered useful as ever. When the pain proceeds from the face or gums around a tooth apparently sound, this application will give speedy relief, by rubbing a few drops to the part affected.—Price 25 cent. Its peculiar operation consists in removing all unhealthy action in the vessels of the eye, and parts adjacent, substituting a healthy process, which soon results in a perfect cure. The afflicted are invited to try and become convinced. In small jars, 25 cents.

CLOTHING. CLOTHING.
 Large enough for the largest man, and small enough for the smallest boy.
 We warrant men a perfect fit.
 That's not the most successful hit?
 For with their matchlessness of cut,
 For more celebrity we've got;
 Small gain on one alone we reap,
 But here's our motto—"we sell cheap."
 At the great

COUGHS, COLDS, BRONCHITIS, &c.
 No better article for the effectual cure of the above, and all complaints of the Breast and Lungs was ever made, than that long known and justly celebrated remedy, called WHITWELL'S MEDICATED CANDY. It promotes expectoration, removes hoarseness, and positively without fail cures the wildest cough, if curable, when used in connection with the COUGH PILLS, which all who purchase 4 ounces or more of the Candy, are gratuitously entitled to. This candy has been in successful use for 14 years, and in no case whatever, where a cure could be possibly effected, has it failed. It will not cure Consumption, but it will cure Coughs, Colds, Hoarseness, and all the common pulmonary affections. It not only contains a strong decoction of Horehound, Bonset, Bolisfoot, and various other herbs, but the best COUGH BALM that can be possibly used, such as is daily prescribed by our first Physicians, in pulmonary complaints. All those who have tried our Cough Candies without success, are invited to use this, and the most incredulous will be satisfied that it is all it pretends to be.

Bogle's Hyperion Fluid; Or Vegetable Hair Composition.

THE subscriber has been induced to bring this article before the public, at the request of his numerous customers, among whom are physicians and citizens of the first respectability, who have adopted its use in their families, and wish others to participate in its advantages.

The Hyperion is composed of vegetable ingredients, the secret of compounding and blending which is known solely to the subscriber. It is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture never before attained, yet free of animal grease or essential oils. It clears the pores of the skin, causes a healthy action in the blood vessels, nerves, &c., which feed the hair, thereby preventing BALDNESS AND GRAY HAIR.

It entirely frees the skin from Scurf, Dandruff, and other cutaneous diseases, disposes the hair to curl, and changes the hardest hair into the most soft, glossy, and healthy state, also imparts to it a darker color, and the free use of it, both on the skin and hair, in a most healthy and luxurious state until the latest period of life.

Ladies will find the Hyperion a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the fluid, can be dressed in any required form, so as to preserve its place, whether plain or in curls.—When used on children's heads, it lays the foundation of a good head of hair.

Manufactured and for sale by WM. BOGLE, 229 Washington, corner of Summer street, Boston. Sold in Newport by R. J. TAYLOR.

A Treatise on the Anatomy and Physiology of the Hair, with directions for preventing baldness, removing dandruff, and preserving the natural beauty and softness of the hair, by Wm. Bogle, accompanies each bottle. Aug. 24—1y.

DR. BANNING'S PATENT LACE!

An immediate Relief to Incipient Consumption, the Bronchitis of Public Speakers; Palpitation of the heart, Dyspepsia, Spinal Weakness, Piles, Prostatitis, and Diseases of Women, without Medicines.

THIS instrument has been examined by Drs. Mott, Rodgers, Francis, and Griscom of New York, the faculty of Pittsburgh, Hartford, New Haven and Middletown, and has obtained for itself their favorable testimony. The following will show what kind of testimony might be produced in many cases:

Middletown, June, 25th, 1843.

Dr. Boardman,

Sir—In answer to your inquiry respecting my case, I will merely say, that I have been sick since I strained my breast and loins in May, 1836, from that time continued to grow worse, when in the fall of '39, I abandoned business, and have not done any thing since. I suppose from all I could learn about my case—frequently raising blood, coughing very hard and expectorating profusely, deriving no benefit from my physicians, and all medicines recommended to me, that my case was hopeless. Last winter my brother told me he had heard a good account of Dr. Banning's Lace in such cases, and was anxious that I should try it; accordingly I procured one from you, and since I began to wear it, my breathing, which was very short and laborious, has become easy and natural; the pain and fluttering or palpitation of the heart has subsided; cough and expectoration greatly lessened, my limbs which were exceedingly painful have become useful, so that I can walk comfortably. I am able to slave myself with comfort, which for many years I have not been able to do. The piles, which have troubled me for nine years, are nearly eradicated. I work some in the garden, and am able to ride 4 miles at once with pleasure and benefit. Yours, &c. **WM. RANNEY.**

Dr. G. M. Boardman,

Middletown, June 25, 1843.

Dr. Boardman,

Dear Sir—In answer to your inquiries respecting the effect of Dr. Banning's Lace in the case of my wife, I will state that for twenty years past, she has been afflicted with a complication of complaints to which females are subject. She has tried all the physicians and all the medicines recommended for such complaints, without regard to expense, and found only temporary relief. Her most distressing complaints, palpitation of the heart, oppression and a sense of great weight at the pit of the stomach, prolapsus of the womb, &c., were believed after wearing the lace two hours, and she has continued to improve daily. With this view of the case I cannot use language strong enough to convey my approval of the instrument. aug. 29tf

STEPHEN BROOKS, JR.

PROVIDENCE, Feb. 26, 1846.

Doctor Boardman,—Dear Sir—I now take my pen to inform you that my wife's health has improved very fast for the last two weeks from wearing one of your Laces. She has been out of health about two years and has worn a different Supporter from yours, which had only two pads. She received some benefit from that—but it would not produce a cure. But now I can say with pleasure that she is as smart as any of the young girls in the neighborhood. She can now run up and down stairs as fast as I can, and I feel so well pleased with it that I hardly know how or what to write. But one thing I do now, that she has been under the care of seven Doctors in one year—and wearing your Lace two weeks has or will do the cure in a very short time. I want to write more, but I have no time. I am truly, your friend and well wisher, J. * *

Doctor Boardman, proprietor of Bannings' celebrated Patent Body Brace, for this state, has taken rooms at No. 8, Broad street, where he may be consulted, free of charge. He is enabled to treat, successfully, cases of Rheumatism, Neuralgia, Headaches, Deafness, loss of Voice, Bronchitis, Weakness and curvatures of the spine, and chronic diseases generally. He is enabled to refer to numerous cases in Providence, and this town. aug 28

PEACH, Rose, and Orange Flower Water, in large or small quantities, at **R. J. TAYLOR'S.**

June 30.

From the Brooklyn Daily Advertiser.

A BEAUTIFUL YOUNG LADY, residing in W. street in this city, has received great and unexpected benefit from the use of that excellent specific **RADWAY'S CHINESE MEDICATED SOAP.** Some few weeks since she was on a visit to some of her relatives in South New Jersey, where she was very severely bitten by mosquitoes, being at the same time very much exposed to the scorching rays of the Sun, she experienced great pain, and irritation from the effects of the mosquito, and much annoyance from the unnatural darkness of her tanned complexion. We recommended her to use that excellent Medicated Compound, **RADWAY'S CHINESE MEDICATED SOAP**, she complied with our request, and in three days there was not a single spot, blemish, pimple or blotch left upon her skin, and her complexion is now as fair as the lily.

Ladies, secure without delay a cake of this inestimable Soap, it will purify your skin, improve your complexion and remove all disfigurements entirely from the surface of your system. Price 12 1/2 cents per cake. Sold in Newport by **R. J. TAYLOR, Agent.** Aug 7

It is now about ten years since this medicine has been introduced to the public, and it stands unrivalled in its effects, bearing the test of the severe scrutiny of all classes, both friendly and unfriendly. It is but for one purpose;—for the use of Mothers who have to pass through a sea of affliction in giving birth to mankind, not to be described. It is to you we make an appeal. It is for your especial and general good that you should make use of one bottle of the **MOTHER'S RELIEF** before confinement. Then you can approach the parturient chamber without feeling as if you were going to the chamber of death. You may rest assured it will still all ferberile and nervous affection. It soothes and shields from irritation and by its peculiar properties it destroys the cause of hemorrhage or inflammation that so often attend and follow the hour of parturition. It causes sweet and natural rest, and at last facilitates the birth, so that Mothers have not to pass through such excruciating pain and distress. The Mother's Relief may be depended upon in all cases of threatening abortion where it is possible to be prevented in cases of Spasms, &c., causing frequent alarm, from two to three doses will give immediate relief.

As the subject is one that cannot with propriety be fully discussed in this public manner, we invite all who feel interested to call on our agents (most of the respectable Druggists in the United States,) or on the manufacturer, and they will be furnished with a pamphlet in which they will find all the facts to form a correct opinion of its merits, and also the opinions of many physicians of eminence, and of persons who have become acquainted with its beneficial effects.

CAUTION TO PURCHASERS.—Ask for BARNUM'S Mother's Relief. None is genuine unless our signatures are found within the wreath of the direction that is pasted on the bottle, signed with our own hand, and over the neck of the bottle is a fac simile of our own hand writing also. By attending to the above directions, no one need be imposed upon. All orders will be promptly attended to.

LORRAINE'S PILLS!

All persons require. Facts.

DR. LORRAINE'S CURATIVE SYSTEM OF MEDICINE is rapidly producing achievements never before known in the cure of diseases. The immensity of its wonderful results, alone demonstrate that its principles must be founded on truth. The relative proportion of Cures by this Medicine is out of all proportion greater, than by any other Medicine known.

THE THEORY is, that one blood beats in the bosom, and flows through the body of every man, and must be pure, it is the Vital Principle that sustains life.

Physicians, and people of every class are willing to come forward and announce, in the most public manner that they have been cured of long standing complaints—after another medicine had failed. In act there can be no doubt but that Lorraine's vegetable Pill is the best medicine ever offered to the public.

See a few public statements of men of truth and virtue.

Lynn, Dec. 17th, 1843

Sir: I have sold all the pills I last had of you, please send another lot immediately. The sale of Lorraine's vegetable Pills is rapidly on the increase, they are becoming very popular. I sell more and more every day. As a curative medicine and purifier of the blood. I think they stand unrivalled. One fact I have noticed, that no one that has used them finds any fault with them; they have wrought some very great cures. One lady, who has been confined to the house and bed, a great part of the time, for twenty years, is now cured and able to work most of her time, after having taken 3 boxes only of Lorraine's Pills! I might name many other cases where the cures have been as great, but have not time. Yours respectfully, **J. E. F. MARSH.**

Portland, Me., Nov. 7th, 1843.

Sir: Please send us one gross of Lorraine's Pills, we have sold all we had last. They have given very good satisfaction, better than any other pills which we have in our market. I think in a short time they will take the place of others. We have had no fault found with them whatever; but, on the contrary, they have been praised loudly. I think we could have quite a number of highly respectable certificates from our citizens. Yours respectfully, **E. MASON.**

Chels'a, Jan. 3d, 1844.

Sir: I transmit to you an account of my case for publication, believing it to be my duty. I have been confined with the Rheumatism nearly the whole winter, have had some of the best physicians of Boston and could get nothing that would relieve me more than temporarily. I heard of the wonderful virtue of Lorraine's Pills, I had no faith whatever, but I took them, and it is a solemn fact that when I had taken but eight pills! my Rheumatism had entirely left me, and I have remained well ever since.

N. B. I never took more than one pill at a time and that on going to bed.

Yours respectfully, **W. M. HALSTAD.**

OPINION OF A SKILFUL PHYSICIAN. Sir, the operation of Lorraine's Pills is past any philosophy to find out, how so small a Pill can produce such wonderful effects. I find that one of them will operate more than 3 or 4 of any other Pill, yet in their operation, mild, gentle and comforting. On this account, they are more than 100 per cent, cheaper, as physis, than any other Medicine I know of.

These Pills are now acknowledged by thousands who take them daily, to be the only medicine that fairly takes the Banner from all others. This extraordinary medicine has actually done wonders within one year past. They cause no pain or uneasiness of any kind in their operation, and require neither change of diet or care of any kind.

The attention of the reader is respectfully called to the important results from the use of these Pills. It will be seen, however great achievements have heretofore been made by the use of this invaluable medicine, still greater and more remarkable cures daily happen.
